About Lightmongers

Background

The Worshipful Company of Lightmongers, founded in 1953, is one of the modern livery companies of the City of London being number 96 in order of precedence of Livery Companies, which now number 113 in total.

Our growing membership comprises 250 leaders from all sectors of the lighting and electrical industry including: manufacturers, wholesalers/specialist distributors, installers, designers, engineers, clients, trade associations and educators. They are linked by their common desire to meet like-minded professionals and give back to an industry they love.

In addition to its industry connections, Lightmongers are proud to have forged important affiliations with our armed forces including: 579 Field Squadron (Explosive Ordnance Disposal) (Volunteers); HMS Queen Elizabeth, the flagship of the Navy's fleet; and 606 Chiltern Squadron, RAF Benson. We also support two cadet units: 56 (Woolwich) ATC Royal Air Force Cadets and TS Wizard, Haringey SCC

The Company is an active participant in many of the initiatives of the Lord Mayor and the City of London Corporation and has close ties to the Construction Livery Group that brings together 22 companies involved in construction trades, the Livery Climate Action Group and the Armed Forces Covenant.

Like most City Livery Companies, Lightmongers is built on three pillars of activity:

- **Fellowship and Hospitailty:** *A place where the industry can come together to meet a wide variety of like-minded professionals or entertain partners and industry guests at social events in impressive venues that are exclusive to members of the Livery.*
- **Charity:** *Enriching our lives by giving and the lives of others in receiving through Lightmongers' Charitable Trust. Our main beneficiaries are charities supporting those who suffer sensory impairment of sight and/or hearing.*
- **Education:** *Encouraging apprenticeships in lighting providing financial awards to top post graduate students and providing merit awards for exceptional performance to members of our military affiliations.*

You can read more about the company and its activities on ***www.lightmongers.co.uk***

Membership

The traditions of the Livery and its origins which go back to medieval times and the history of membership of Livery Companies can be seen on our website **www.lightmongers.co.uk**

Membership is for an individual.

There are three steps in becoming a full member

- Admission as a Freeman member
- Attaining Freedom of the City of London
- Progression to full membership as a Liveryman

About Corporate Patronage

Being a Lightmonger will continue to be a personal membership, but as a modern Company and having a wonderful eclectic mix of members from companies and institutions representing every aspect of the lighting and electrical industry, we are now inviting a small number of leading companies to join us as Corporate Patrons to raise their profile in the City of London, enhance their Corporate and Social Responsibility credentials and join other leading organisations for whom charity, education and industry relationships are central to their culture.

This group will number no more than 20 companies drawn from all sectors of the industry.

Benefits of Corporate Patronage

- The use the prestigious logo of the Worshipful Company of Lightmongers with the following strapline: *Corporate Patron of the Worshipful Company of Lightmongers.*

  This can be used on various media including:
  - Company Website
  - Literature
  - Social Media
  - Fleet Livery
  - Email Signature, etc
- Plaque for display at Corporate HQ
- Permanent exposure on Lightmonger Website
- Permanent exposure on Lightmonger Literature
- Regular mention and tagging on Lightmonger LinkedIn Channel (>2000 followers)
- Exposure at all Lightmonger events on literature and in speeches
- Acknowledgement by the Master at all Events
- Complimentary tickets to prestigious Lightmonger events including:
  - Two tickets to the annual Livery Dinner, held in March at one of the City's ancient Halls
  - Four tickets to the magnificent white-tie Summer Banquet
- The Corporate Patron will also have access to the Company's educational activities
  - To mentor post graduate students who are talented employees of member companies to benefit from a 3-year mentoring programme.
  - Nomination of talented apprentices for the prestigious Construction Livery Awards presented by the Lord Mayor at Guildhall in March each year.

Next Steps

Each company applying to become a Corporate Patron will be considered by the Livery Committee and presented to the Court for final approval.

New Patrons will receive their Plaque at one of the Company's prestigious dinners and will be acknowledged on social media, in trade press and on the news area of the Company's website.
